Who is i-nexus helping?

Executives

Experience absolute clarity of performance across strategic and operational work, realize benefits, prove financial impact, and build your culture of execution

Directors

Orchestrate your plan, keeping mindful of delivery warning signs, resource shortage, adherence to best practices, all with the ability to adapt your plan without complexity

Managers

Keep your teams on track and aligned to the plan, drastically cut your reporting time, and simply be in control of delivery with dashboards, workflows, and more

Teams

Contribute strategic value through your work, help to drive efficiencies and eliminate waste, while developing your skills with templates and processes

Finance

Use i-nexus for a clear line of sight between strategic work and financial benefits, underpinning forecasting and management reporting

Pulse

Make updates without skipping a beat

Driving your business to achieve its goals demands a heartbeat of timely operational data.

With i-nexus Pulse, you'll support your team to make quick progress updates, ensuring a smooth, frequent rhythm of data and information for timely decision-making.

Easy to use, limited training, and no app install — with i-nexus Pulse, it's never been easier to get the data you need.

Your goals assistant

Just what updates do I need to make? When are these updates needed by? What commentary did I add last reporting period?

These are some of the questions answered by i-nexus Pulse. Pulse consolidates these updates for users and makes it easy to see what updates are needed by when and to make these updates. Fast.
